

# Creative Solutions

*What creative ideas / thoughts and questions do you have to help us get out of this Healthcare Crisis & Financial / Economic Crisis?*

*Please add to the list and circulate it to your friends and encourage them to do the same!!!*

Initial Ideas / Thoughts / Questions	Notes
--------------------------------------	-------

- |                                                                                                                                                                                                      |  |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|
| 1. Assemble the 10 Best Medical Minds to discuss and identify the best solutions and approaches to Coronavirus                                                                                       |  |
| 2. Assemble the 10 Best Business Minds to discuss and identify the best solutions and approaches to soften the blow and begin the recovery from the emerging Economic / Financial Crisis             |  |
| 3. In rural areas assemble Community Kitchens to feed the hungry and prepare food for a rainy day                                                                                                    |  |
| 4. In rural areas assemble and dispatch Truck Kitchens to feed the hungry and prepare food for a rainy day                                                                                           |  |
| 5. In rural areas and underdeveloped countries develop Food Packaging operations                                                                                                                     |  |
| 6. In developing countries begin working on developing and partnering with others to help create strategically located Planned Communities - local, regional, National                               |  |
| 7. Should educational institutions consider sharing knowledge by making available all classes for everyone online                                                                                    |  |
| 8. For all institutions of learning, Universities & Colleges particularly - should they start working together as the center of Knowledge & Communication within their countries central government? |  |
| 9. How do we make eLearning available to everyone?                                                                                                                                                   |  |
| 10. Can we help education and train more people of all ages with Online Degrees and development programs?                                                                                            |  |
| 11. Do you know how's money created in your country?                                                                                                                                                 |  |
| 12. While healthcare professionals are working on solutions for can others also be looking for solutions?<br>Can we create a set of glasses that show the virus on us and others?                    |  |
| 13. Can we use some form of sound, or ultra sound to kill the virus?                                                                                                                                 |  |
